

Hi! My name is Ms. Rebekah Rucker and I am very grateful to be named Bloom Elementary's 2018-2019 Teacher of the Year. This is my 4th year of teaching at Bloom. I received my Bachelors in Psychology from the University of Arizona in 2009. I worked as a parapro for seven years in a self-contained Autism classroom at Miles ELC for Tucson Unified School District. I received my Masters in Special Education from Grand Canyon University. I love teaching through art integration.

I am an artist and I love sharing my passion with my students. Teaching through art has built a creative pathway for my students to receive alternative exposure of the curriculum.
